Australasian Society
for Continental Philosophy

ASCP Policy on HDR students

The Australasian Society for Continental Philosophy (ASCP) is committed to providing a supportive and inclusive environment for higher degree research (HDR) students involved in the various concerns of continental philosophy (as outlined in the ASCP's constitution). The ASCP recognizes the importance of integrating postgraduate students into both a broader academic discourse and projects of the society itself.

The ASCP will

1. Facilitate the inclusion of postgraduate students in the annual conference
2. Assist in organizing panels that integrate HDR students alongside established academics
3. Consult with HDR students regarding their role in the ASCP
4. Provide feedback on HDR led initiatives

The HDR officers will be responsible for

1. Developing and implementing these programs in liaison with relevant scholars
2. Developing and implementing an action plan for conference events
3. Ensuring that the HDR program and its affiliates meets with the goals of the society as outlined in the ASCP constitution (section 3).
